NEW MEN

ARE COMING INTO PRESIDENT ROOSEVELT'S CABINET

CHARLES EMORY SMITH RESIGNS AS POSTMASTER GENERAL.

H. C. PAYNE, OF WIS., APPOINTED

Other Cabinet Changes to Follow.
Secretary Root and Attorney Gen.
Knox Only to Remain.

Washington, Dec. 18.—The resignation of Postmaster General Smith and appointment of Henry C. Payne, of Wisconsin, is only the beginning of radical changes that are forthcoming in President Roosevelt's cabinet.

Mr. Payne is the vice chairman of the National Republican Committee. It is claimed that he owes his appointment to Mark Hanna, the chairman of the National Republican committee. He has never filled a public office but his energy has contributed to place many men less deserving than himself in office.

The President will keep Secretaries Root and Knox, and as for the balance he would be glad if they would resign tomorrow. If they don't resign he will soon make the situation so hot that all the others will be glad to go.

The next break will probably be the Interior department. The President is anxious to have ex-Senator Wolcott in the Cabinet, and now that the Post-office department has been pre-empted this is the only place open which Mr. Wolcott would accept.

The Premier of the administration is certain to be changed very soon. The President wants Senator Lodge of Massachusetts, to take it, but he is holding off. Secretary Hay wants to resign now that the Hay-Pauncefote treaty has been ratified, and is ready to go whenever the President finds a new Secretary of State. It is quite probable that Secretary Root, of the War department, will be advanced to this place, and Major General Wood, now in command in Cuba, if he will resign his army commission will be appointed Secretary of War. If not, the chances are that W. H. Taft, of Cincinnati, now Governor of the Philippines, will be asked to take the war portfolio.

WHAT PAYNE SAYS.

Jamestown, N. Y., Dec. 18.—Henry C. Payne has been visiting his sister, Mrs. W. S. Cameron, in this city for several days. He said last evening:

"While in Washington last week as a member of the McKinley Memorial Commission President Roosevelt tendered me the office of Postmaster General, and after some consideration I accepted previous to leaving the city. I shall leave for home tomorrow, and beyond that there is nothing to make public in regard to my plans for the future."

MAY SUCCEED HANNA.

Washington, Dec. 18.—It is stated today that Henry C. Payne, the new Postmaster General, will act as President Roosevelt's chief political adviser, and probably will succeed Hanna as Chairman of the National Republican Committee.

REPORT.

That Payne Favors Government Ownership of Telegraphs.

Washington, Dec. 18.—There is a report to the effect that H. C. Payne, the new Postmaster General, is in favor of government ownership of telegraphs. Whether this be true or not it is more than possible he will be called upon to handle the subject during his term of office, for Congress seems disposed to take up the matter.

HANNA PLEASED WITH PAYNE.

New York, Dec. 18.—Senator Hanna was informed last night that Postmaster General Smith had resigned and that Henry C. Payne had been appointed to succeed him.

"I knew that Mr. Smith contemplated resigning several weeks ago and that Mr. Payne had been offered the position. It is a very good appointment in every respect. Mr. Payne has been

Famous for Having Posed as a Man,
is Now to Study for the Stage.
A Star Part.

Parkersburg, W. Va., Dec. 18.—Ellis Glenn, famous for having successfully posed as a man for several years will leave this week for Cincinnati to study for the stage. After a preliminary course of instruction, she expects to star, and take advantage of the wide advertising she has had.

Terrible Tragedy.

Uniontown, Pa., Dec. 18.—In the house of William Hall, two boarders, Daniel Bradburn and David Fagan, disputed over money last night. Bradburn assaulted Mrs. Hall and Fagan got a revolver. Bradburn was injured and intoxicated, and when Mrs. Hall rushed between the men she was shot in the hand. Mr. Hall interfered and was shot through the ear. The two combatants then at short range emptied away until their guns were emptied, and then reloaded. Ten shots apiece were fired. Bradburn finally walked to a bed, laid down and was dead in 25 minutes. Fagan, who was badly hurt, left the house and has not been seen since.

SCHLEY WAS THE MAN WHO DID IT

Naval Constructor Hobson's Public
Statement in Lecture at Cincinnati,
Creates Great Applause.

Cincinnati, O., Dec. 18.—An exciting scene was enacted in the Scottish Rite Cathedral on Broadway last evening when Captain Hobson delivered his lecture on "The Needs of the Navy," one of the number of a series of entertainments that is being furnished by Hanselmann Commandery No. 16, Knights Templars. Great preparations had been made for the reception of the hero of the McHarrack and only the inclemency of the weather interfered with crowding the beautiful Masonic Cathedral to its utmost capacity. Those who remained away missed a treat, because his remarks were both interesting and instructive.

Captain Hobson's address reached a climax when he gave Admiral Schley credit for winning the battle at Santiago. Captain Hobson was telling how, for the first time in the history of naval warfare of the world, a victorious fleet had completely destroyed the ships of the enemy without the loss of a single being. This was Admiral Dewey's victory, and the manner of telling it was dramatic in the extreme. Then he went on to tell how, less than two months later, a similar occurrence took place on this side of the water. He went on to speak of how there were only two ships in the squadron off Santiago which had anything near the speed of the Spanish vessels, while the balance were a motley crew which with the exception of the Oregon, had a speed average of only about half that of the Spanish ships.

"If the Spaniards," said he, "had only known, they could have beaten us off the face of the earth," and parenthetically he remarked, "if the vessels had been manned by Americans." He then went on to describe the battle hurriedly, but became fired up over the recital. When he had concluded a gentleman in the audience yelled out, "Who did it?"

Quick as a flash Hobson replied, "The man behind the gun."

Loud applause on account of the ready retort followed. Then when it had died out, he said:

"I desire to modify that statement; it was Schley."

"It was fully two minutes before he could begin talking again, and then, during the first few remarks, he was interrupted by occasional applause.

GOVERNMENT TELEGRAPH OWNERSHIP.

Report That the Present Congress Will Devote Much Time to the Serious Consideration of the Subject.

Washington, Dec. 18.—As stated in another dispatch to the Advocate, there is an interesting report to the effect that H. C. Payne, the new Postmaster General, is in favor of the government ownership of telegraphs. Whether this be true or not this Congress is going to devote much time to the serious consideration of this matter and it is undeniably true that there is a great and growing sentiment among the members of both the house and senate in favor of taking over this profitable business which so intimately affects all of the people, and making it an adjunct of the postal department. A new impetus has been given to the idea by the recognized necessity for a Pacific cable to connect the United States with Hawaii, Guam, the Philippines and Japan and China. A bill for the construction of this cable by the government will probably be passed by the house at this session. If the government is to own the Ocean cable advocates of the proposition say, why not the land lines

to connect with it also? In 25 years another dispatch to the Advocate, it is pointed out the government could own free of cost, practically the most valuable and elaborate telegraph system in the world. The subject has been discussed before in Congress, but it is taking a concrete form this session for the first time. Republicans and Democrats are interested in the movement. The adherence to the scheme of a good many Republicans who have heretofore frowned upon government ownership of the telegraphs lends color to the report that there is a well formulated plan on the part of the government to take over all telegraph and cable lines. It is said that during the summer the McKinley administration summoned some of the biggest stockholders and officers of both the Western Union and Postal companies as to their willingness to sell out, and the price at which it would be possible to obtain their properties. The plan then projected, and which is said to be still under consideration was to issue two per

cent, government bonds in payment of the stock at its par value. The lines it was calculated would earn a surplus over and above this interest payment which would in 25 years pay the entire original cost, thus giving the government possession at the end of that time practically for nothing.

The government has ample authority to proceed to the acquisition of telegraph lines if it sees fit to do so, as shown by the revised statutes referring to the postal laws. The only bill that has been introduced thus far at this session on the subject is by Representative Jackson of Kansas, but it is understood that others will be offered after the holidays. Jackson's bill provides for the appointment of the five appraisers called for by law to appraise the value of the two telegraph companies. They are to report within a year. After Congress has adopted their report and bought the lines, the latter are to be operated in connection with the Postoffice department under name of the United States Telegraph.

OHIO OFFICIALS

WELCOMED BY GEORGIA'S GOVERNOR
AND STATE OFFICERS.

Governor Nash and His Party on Their
Way to Unveil the Monument at
Andersonville.

Atlanta, Ga., Dec. 18.—Governor Nash of Ohio, and a party of distinguished officials and citizens of that state arrived in Atlanta yesterday afternoon. They were met at the depot by Captain Robert F. Lowry, Chief of Governor Chandler's staff, and other members of the staff and prominent citizens. The welcome was a hearty one. The party was taken in carriages to the capitol, where Governor Chandler, with his personal staff, and several statehouse officers, met the Ohioans and welcomed them officially to Georgia.

The visitors stated upon their arrival here that they had an admirable trip from Columbus and seemed to have enjoyed every moment of the time. The vicinity of the executive office at the capitol was alive with visitors and Georgians during the few minutes that the official reception lasted. Governor Nash and Governor Chandler passed the pleasantest greetings and expressed great pleasure at the opportunity they have been afforded of meeting each other.

Governor Nash made friends readily with all the officials. The other members of the party were impressed with the large and beautiful capitol. They expressed pleasure at meeting the prominent citizens of Georgia. After the formal greetings at the capitol Capt. Lowry took the party in carriages to the Piedmont Driving Club, where an elegant luncheon was served. Captain Lowry as the host de-lighted the Ohioans and was warmly toasted by them. The luncheon at the club was highly enjoyed.

At 3 o'clock the party returned to the Kimball House where they met the members of the Grand Army of the Republic and many Confederate veterans and passed fraternal greetings. After a short entertainment by the old heroes of the war the members of the party left for Andersonville, their destination. Governor Nash will unveil the Ohio state monument which has been erected at that place. An elaborate program of exercises has been arranged the monument will be unveiled today.

Sampson Sick.

Washington, Dec. 18.—Admiral Sampson's condition is growing more alarming and he is now believed to be critically ill at his home, 1612 New Hampshire avenue. He has not been out since Sunday. Members of his family are greatly distressed over the receipt of many letters from all parts of the country in which Schley's partisans heap abuse on Admiral Sampson.

SUICIDE

QUADRUPLE SENSATION AT
COLUMBUS

TWO YOUNG MEN AND TWO
YOUNG WOMEN

FOUND DEAD IN VACANT HOUSE.

Coroner Investigating the Mysterious
Case—Three of the Bodies Claimed
by Friends.

Columbus, O., Dec. 18.—The mystery surrounding the suicide of the four persons, two men and two women, found dead last night in a house on Russell street, had not been cleared away up to noon today, notwithstanding the searching inquiry instituted by the police to find a motive for the deed.

There is one theory that one of the parties put her three companions into an endless sleep and then took sleep draught, which ended her own life, but there is not a substantial foundation for the theory.

The house in which the four dead bodies were found had been vacant for some days until it was rented on Monday by George Purcell, who at that time resided in the Bronson block. He sublet two small front rooms on the second floor to Sherman Lothouse and understood that Lothouse and his wife were to occupy one room, while a young girl was to room with them and occupy the adjoining room.

On Monday Lothouse secured a key to the house and Monday night the parties are supposed to have moved into the room. The rooms in which the bodies were found were originally one large front room, but it had been divided by a partition, leaving two small front rooms, about six by twelve feet in dimensions, each connected by a doorway. In the east room there was a hot natural gas fire, which had evidently been burning for 24 hours at least. In the other room there were indications that the occupants had struggled with death before it overcame them.

Jacobs was lying on the side of the bed with his head hanging backward over the side. The body of Louise Kline was close beside his, and the head moved toward the edge of the bed.

When Coroner Lindsay examined the body of Louise Kline he thought he detected a slight pulsation, and heroic efforts were made to resuscitate the woman, but they were unsuccessful.

Coroner Lindsay after an examination of the bodies, is of the opinion that they had not been dead many hours when discovered, as rigor mortis had not yet set in. Lothouse had apparently died first, as the stiffness of death had made its appearance in his

ALL PRAISE DEWEY

Universal Expression Given in the
Flood of Resolutions Offered in
Congress Thanking Schley.

Washington, Dec. 18.—Resolutions about the Schley case have been poured into the House from all quarters. In every instance the opinion of Admiral Dewey was praised, and made the basis for proposed action on the part of the House. It was suggested that Admiral Schley be given the thanks of Congress; that he be restored to the active list (preparatory to making him a Vice Admiral) that he be given a sword of honor; that bronze medals be known as Schley medals be presented to his officers and men; that a Congressional investigation be held; and that the House should investigate the Navy Department. More resolutions of this character are expected.

Representative Norton, Ohio, was the author of the resolution proposing that Admiral Schley be restored to the active list. Representative Griffith, of Indiana, wanted particularly to investigate the part played by Captain Crowninshield as referred to the small amounts of prize money received by Admiral Schley in comparison with the amounts received by others. Representative Wheeler came forward with a resolution for an investigation. Representative Gaines, of Tennessee, proposed by resolution to declare Dewey's finding the correct one.

Chollie—"I told her I would die for her, don't you know." Willie—"What did she say, old chap?" Chollie—"She said she had too many dead ones on her string already."

Dewey's Verdict Approved.

Baltimore, Dec. 18.—Rear Admiral Schley has notified Isador Rayner that he is ready to take any action with reference to his case that Mr. Rayner may advise.

When asked if he favored a Congressional investigation Mr. Rayner said:

"I doubt whether a proceeding of this sort is the proper one. It generally assumes a political aspect. At this time I am of the opinion that the matter should be prosecuted in the courts. There are plenty of ways in which this can be done, and we will at once consult and determine upon our course of action."

Among the telegrams Mr. Rayner has received since the publication of the findings of the court of inquiry was one from a man in another state who asked that his identity be kept secret, with an offer of \$10,000 for the necessary expenses attending a further prosecution of the case. The offer was declined.

Admiral to Sue Macley's Publishers.

Washington, Dec. 18.—Rear Admiral Schley has received hundreds of telegrams from all sections of the country since the findings of the court of inquiry were made public. These messages are all of the most cheering kind and congratulate the Admiral upon the declaration of Admiral Dewey that he was in supreme command at Santiago and the hero of that conflict.

Admiral Schley will make no comment upon the verdict. His friends insist that the individual opinion rendered by Admiral Dewey, the highest officer in the navy, and known throughout the whole country as one who has commanded a squadron of modern vessels and whipped a foreign foe, more than offsets the conclusions reached by the junior members of the court. They assert that Dewey's opinion is in accord with the popular verdict.

ARRESTED IN COLUMBUS.

TAFT

URGED FOR SENATOR AGAINST FORAKER

ADVICE OFFERED BY CHICAGO
REPUBLICAN ORGAN

OF THE HANNA M'KINLEY TYPE

Claims Foraker's Career is a
Proach to State of Garfield, Thurman and McKinley.

Chicago, Dec. 18.—The Record-Herald (Republican) urges the election of Judge Taft to succeed Joseph B. Foraker in the Senate in the following editorial:

"As the time for selecting his successor in the United States Senate approaches the attention of Joseph B. Foraker is more occupied with laying wires to control the Ohio Legislature than with matters of state in Washington. He realizes that none of the questions before Congress offers the opportunity or excuse for him to set off his fire-alarm oratory for circulation throughout the state under his impressive frank."

"Foraker has played his cards so assiduously that it is doubtful if there is a Republican left in public life in Ohio who could attract a following sufficient to shoulder Foraker out of his job."

"But while Foraker's eyes have been strained to detect the few signs that Governor Nash contemplated contesting his reelection a possibility has been taking shape in another quarter that may foreshadow Foraker's political doom. This is nothing less than the rising star of Judge Taft's fame. What Foraker, in his short-sighted craft, thought to be the banishment of a growing rival at home has risen to be a force to be reckoned with in the far-off Philippines."

"And, as fate had entered the lines against Senator Foraker, Judge Taft's health renders it necessary that he return to the United States just when every patriotic Ohioan is scanning the horizon for suitable senatorial timber."

"Where Foraker's entire career has been one unrelieved record of bombastic pretension, of political chicanery and treachery, of alternate truculence and sycophancy, while his only reputation as a lawyer is based on practices not recognized in the courts, and his success as a politician has been the triumph of unprincipled selfishness, Judge Taft has won golden opinions as a lawyer and administrator by the legitimate use of his natural gifts. He succeeded at the bar before he was called to the bench, not as a politician, but as a lawyer. His selection for the difficult post of President of the Philippine Commission was a thoroughly merited recognition of his character and capacity for the position."

"Judge Taft's return from the Philippines affords the Republicans of Ohio the opportunity to get rid of Foraker and Forakerism—twin reproaches to the state of Sherman, Garfield, Thurman and McKinley."

Big Hotel Fire.

Parkersburg, W. Va., Dec. 19.—The Rinehart Hotel at Rinehart, in the oil fields of Ritchie county, burned last midnight with all of its contents. The occupants barely escaped with their lives, many saving nothing but their night clothes. Robert Stafford, who was asleep in an upper room, was severely burned but will recover. D. K. Beason jumped from a second story window and was badly injured. The fire started from a natural gas connection. Loss on building \$5,000.

FIREMEN SAVE SEVEN LIVES.

Cleveland, O., Dec. 18.—A fire in Mrs. Ella Carney's boarding house, 101 Brown street, put the lives of seven people in jeopardy this morning. The fire started from an over-heated stove pipe, and the smoke was so thick that all would have suffocated but for the firemen who rushed into the dense smoke and rescued five women, an old man and six months' old child. All were asleep at the time, and three women and the old man were carried down a ladder to safety. Property loss small.

Admiral Dewey's Verdict.

In the opinion of the undersigned the passage from Key West to Cienfuegos was made by the flying squadron with all possible dispatch. Commander Schley having in view the importance of arriving off Cienfuegos with as much coal as possible in the ship's bunkers.

The blockade of Cienfuegos was effective.

Commander Schley in permitting the steamer Adula to enter the port of Cienfuegos expected to obtain information concerning the Spanish squadron from her when she came out.

The passage from Cienfuegos to a point about twenty-two miles south of Santiago was made with as much dispatch as was possible while keeping the squadron a unit.

The blockade of Santiago was effective.

Commander Schley was the senior officer of our squadron off Santiago when the Spanish squadron attempted to escape on the morning of July 3, 1898. He was in absolute command and is entitled to the credit due to such commanding officer for the glorious victory which resulted in the total destruction of the Spanish ships.

GEORGE DEWEY,
 Admiral, U. S. N.

CONGRESS AND THE NAVAL BUREAU CLIQUE.

Admirals Benham and Ramsey may have unwittingly done greater service to the American people by their palpably partisan majority finding in the Schley inquiry than either they or their cronies in the naval bureau clique intended.

Like Samson's destruction of the temple, these two martinets of the naval court have by their grossly partisan use of temporary delegated power set in motion an overwhelming wave of popular displeasure that will not ebb until the last remnant of naval bureaucracy is engulfed and swept into oblivion.

Breadth of view and ordinary fairness by the majority of the naval court might have forestalled a congressional investigation. As matters are now shaping such an investigation by the people's representatives seems inevitable. The insistence of the demand in spite of official discountenance is the logical fruit of bigotry and partisanship manifested in every line of the naval court's majority finding.

Nor is the demand for a congressional investigation limited to the enthusiastic defenders of Admiral Schley, who believe that even with Admiral Dewey's glorious tribute the hero of Santiago is still shorn of the full honors due him. Many claim and dispassionate American patriots insist on such investigation of the navy department on general principles. It is their belief that the time has come to sift to the bottom the ugly charges of selfish conspiracies and petty bureaucracy in this branch of the government service. No harm can come from such general investigation, and much good may result.

Of one thing we may be certain. The Schley case is still open, in spite of the attempt by the majority of the naval court to settle it offhand and in defiance of the commonest rules of evidence. And it will not be closed until the American people, always fair-minded in the last analysis, have done fullest justice to the hero of Santiago and confounded his detractors.

HARD TIMES FOR GERMANY.

Germany is hardly in a condition to appreciate high protective taxes on breadstuffs and meat. In most of the large cities in the country soup houses and free food depots are now springing up on account of industrial depression. The Salvation Army is leading in this movement of charity. The head of the Salvationists' social work in Berlin is reported as saying: "Recent figures relative to the unemployed in Berlin, putting the number at 36,000, are wholly inaccurate. Official investigations by the city authorities show 45,000 unemployed in the metal trades alone. Half of those employed are working only half-time. One is inclined to believe that the estimate of the Socialist party that Berlin is harboring more than 100,000 workless men and women is considerably nearer the mark." From these signs the hard times in Germany seem to equal in severity upon the workmen the hard times in this country in 1893-95, or in 1873 and later years.

AMUSEMENTS.

The Bostonians drew a large and cultured audience at the Auditorium last night and greatly pleased everybody. The company is large and excellent and the production entirely satisfactory.

The Old Homestead Male Quartette will be the attraction on the Association course of entertainments next Friday night in Taylor Hall. The reserved seat sale is in progress and seats are going fast.

There are few quartettes that can compare with the Homesteads for harmonious singing, blending of tone and quality of voice. All lovers of vocal music should make an effort to be present at this fine concert next Friday night.

"A RUNAWAY GIRL."

"A Runaway Girl," the popular in

ternational musical comedy success, with its bevy of pretty girls, its rich and elaborate scenery, its bright and catchy music and its metropolitan company of artists will be seen at the Auditorium Thursday evening, December 19. There will be no doubt as to the outcome of its visit to this city.

There will not be a vacant seat in the theatre—rain or shine—for it is seldom that such a pronounced Metropolitan success, presented by so capable a company, is witnessed. Very few of us fail to appreciate a good song, to applaud a neat dance, enjoy a good laugh or admire a pretty face.

All these and much more are to be seen and heard in "A Runaway Girl." An evening to be spent in witnessing its many delightful features can be pleasantly anticipated for weeks beforehand and remain for months afterward in one's memory as an immense ly enjoyable dream.

The Augustin Daly company is the organization presenting this charming comedy. There are fifty members in this organization, headed by that little prince of comedians, the embodiment of mirth and fun, Mr. Arthur Dunn. A magnificent chorus of trained voices is heard in the many musical numbers rendered, and the many solos, duets and concerted pieces sung by the principals, appropriate to the action of the play, have served to make "A Runaway Girl" the greatest musical comedy success of the age.

The Bostonians are under the capable management of Chas. R. Bacon, while Messrs. H. Clay Barnabee and W. H. McDonald are sole proprietors. The company includes 75 people, and the solos and choral work is in the highest sense artistic. The company goes from here to Steubenville.

Mr. Bacon, the manager, has been on the road for 26 years, in that time having charge of the Melville Opera company, the Madison Square Garden attractions, Kate Claxton, "The Power of the Press," and other standard attractions. The Bostonians play nothing but operas composed and written by Americans, principally Smith and DeKoven's work.

A GOOD CHRISTMAS PRESENT.

Many are thinking and with a great deal of concern, of what will be the best article I could give my boy friend as a token of friendship for a Christmas present; parents are looking over articles that will perhaps last but for the day and placing a great deal of money in the investment, but all give a great deal of satisfaction, some, more to the donor than the recipient; but where could one find a more practicable gift to give to a young man or boy than a ticket of membership in the Young Men's Christian Association a ticket of membership in the Y. M. C. A. A ticket in the Association will cost but \$5 and will give the member the use of the privileges every day for the entire year of 1902. Several persons have availed themselves of this plan by contracting with the Association for memberships to be delivered day before Christmas. This suggestion should be taken up by many parents in behalf of their boys.

OBITUARY.

Newton Parker was born in Newark, Ohio, Sept. 21, 1826. He was a son of Thomas Parker and Mary Thrall, being one of a family of twelve children of whom only two survive, Mrs. Edith Elliott of Pataksala, O., and Mrs. Adie Mead of Columbus.

May 8, 1851 he was married to Lorrana C. Whitehead and to them three children were born, two of whom, a daughter and son, are living.

He was a patriotic and loyal Union soldier, and did all he could to maintain and support the government and country he loved so well.

He united with the Alexandria Congregational church in the year 1878, and has since been an active and true worker in that church. He has been a resident of St. Albans township for 23 years and was well known by many of its people from the fact that many received early instruction under him as teacher. He died December 13, 1901, aged 75 years, 2 months, 22 days, after a week of great suffering.

But now since the angel of death has taken him away may the loving wife, sisters and children remember that all are not taken; there are left behind living friends to bring and make happy the daylight still a very thing and many voices in the world for comforting.

DO YOUR CHILDREN ASK QUESTIONS?

Of course they do. It is their way of learning and it is your duty to answer. You may need a dictionary to aid you. It won't answer every question, but there are thousands to which it will give you true, clear and definite answers, not about words only, but about things, the sun, machinery, men, places, stories and the like. Then, too, the children can find their own answers. Some of our greatest men have ascribed their power to study of the dictionary. Of course you want the best dictionary. The most critical prefer the New and Enlarged Edition of

WEBSTER'S INTERNATIONAL DICTIONARY.

If you have any question about it write to G. & C. MERRIAM CO., PUBLISHERS, SPRINGFIELD, MASS.

PROCEEDINGS

OF THE PRESBYTERIAN CONFERENCE NOW IN SESSION.

Dr. A. J. Smith of New York City, delivers Two Able Sermons Tuesday.—Today's Proceedings.

The two closing sessions of the Presbyterian Conference will be held tonight in the chapel of the Second Presbyterian church. Dr. Arthur J. Smith, of New York City, will preach at 7:15 o'clock. Rev. Geo. R. Dickinson of Zanesville, will have charge of the "Aftermath" at 8:30 o'clock.

On Tuesday afternoon the address by Dr. A. J. Smith was on the "Agony for Souls." His thought was that we may have solicitude and anxiety for the welfare of souls, but we must be imbued with a veritable agony for their salvation. His address was greatly beneficial.

A business session followed at which the Ohio Synod's recommendation that a secretary be employed to bring together unemployed ministers and vacant churches, was rejected. It was decided to contribute to Wooster university.

At Wednesday morning's session Dr. Francis A. Wilbur of Mt. Vernon, presided and led devotional exercises.

Rev. Arthur J. Smith addressed the conference on the theme "Conditions of Discipleship," the predominant thought being that forsaking father, mother, self, and the world, and the love of Christ reigning supreme in the heart, were requisite for true discipleship.

Rev. Liggitt followed, and detailed the work of the General Assembly's Evangelical committee. Reports were given of evangelical services already held by the various ministers and their success.

Rev. A. J. Smith then addressed the conference, taking for his text "know ye not, ye are temples of God."

Wednesday afternoon's session was a symposium in relation of the church, the ministry, preaching the Holy Spirit and Revivals, and in this

connection the following program was carried out:

Wednesday, 2:00 p. m.—Rev. Robert T. Lynd, Presiding. The Church and Revivals. Rev. John C. Holliday, D. D. The Ministry and Revivals. Rev. Chas. L. Work, D. D.; Preaching and Revivals. Rev. Francis A. Wilbur, D. D.; The Holy Spirit and Revivals. Rev. Wallace M. Hamilton.

The visiting ministers present are: Dr. Francis A. Wilbur, Mt. Vernon; Dr. J. C. Holliday, Zanesville; Dr. J. A. Liggitt, Zanesville; Rev. George R. Dickinson, Zanesville; Rev. S. M. F. Nesbit, Frazeysburg; Rev. Wallace M. Hamilton, Coshocton; Rev. J. C. Fields, Martinsburg; Rev. W. F. La Porte, Pataskala; Rev. A. M. Chapin, Utica; Rev. W. H. Hyatt, Warsaw. Mrs. Martin McNeal of Buffalo, N. Y., is visiting at the home of her parents, Mr. and Mrs. Benj. R. Nott.

IN SCHLEY'S BEHALF.

Resolutions Bob Up In Both Branches of Congress.

DEMAND SEARCHING INVESTIGATION.

Philippines Bill Energetically Debated Before Being Placed Upon Its Passage—New Cabinet Officer Announced—Secretary Root Denies a Cuban Request.

Washington, Dec. 18.—A host of resolutions in behalf of Admiral Schley have been introduced in congress. In the senate Mr. McComas (Md.) introduced one asserting that Schley was in command of the fleet at Santiago and entitled to the credit of the victory, and appropriating the same pay and allowances he received as rear admiral on the active list of said navy at the date of his retirement by reason of age. Representative Griffith (Ind.) in the house offered a resolution for an investigation of the navy department. Representative Shirm introduced another to the effect that the opinion and finding of Admiral George Dewey be endorsed as the only opinion and finding justified by the evidence adduced and pertinent facts established before the court of inquiry, and extending a vote of thanks to Admiral Schley, officers and men for the victory over Cervera's fleet. Similar measures were launched by Tennessee and Missouri congressmen. Mr. Cummings (N. Y.) introduced a resolution directing the secretary of the navy to present a sword of honor to Admiral Schley and to strike off bronze "Schley medals" for the officers and men who participated in the battle of Santiago. An appropriation of \$10,000 is made. One by Mr. Wheeler (Ky.) demands an investigation of the Schley case by the committee on naval affairs.

Cabinet Meeting. Washington, Dec. 18.—The cabinet meeting was almost entirely devoted to the discussion of appointments, principally in the department of justice. The following have been selected and will be appointed within a day or two: William Vaughan, United States attorney northern district of Alabama; Daniel N. Cooper, United States marshal northern district of Alabama; Lanier J. Bryan, United States marshal middle district of Alabama; W. J. Robinson, third judge of the circuit court of Hawaii; Robert J. Brooks of Wyoming, United States attorney for the district of Hawaii.

Teller Fitcham in Jail. Ballston, N. Y., Dec. 18.—Charles E. Fitcham, teller of the First National bank of Ballston, whose defalcation caused the bank to close, was surrendered to a United States marshal to be placed in jail at Albany. Bail was not furnished.

Wanted in Cuba. Chattanooga, Dec. 18.—J. H. Robertson was arrested near Pikeville, Tenn., and brought to Chattanooga. He is wanted in Cuba for the alleged embezzlement of \$2,000. He gave bond in the sum of \$5,000 for his appearance Dec. 21, when the court will hear evidence as to probable guilt and determine if he shall be extradited. Robertson is of high standing and is prominently connected. He alleges his arrest is the result of a business disagreement between himself and the Milburn Wagon company, from whom it is charged, he embezzled the money.

Marvin Hart Knocked Out. Louisville, Dec. 18.—"Wild Bill" Hanrahan of New York defeated Marvin Hart of this city in less than one round. The knockout blow came after one minute and a half of fighting, and was a hard left to the stomach followed by a right hook to the jaw. The men were scheduled to fight a 25-round contest at catch weights, and from the time they stepped into the center of the ring Hart was a beaten man. Hanrahan started in at once.

Serious Collision. Marshalltown, Ia., Dec. 18.—Mail Clerk J. E. Carpenter was instantly killed, Engineer Ben Gills was severely hurt and several passengers slightly hurt in a collision between passenger and freight trains on the Chicago, Milwaukee and St. Paul railroad near Tama, Ia.

Died of His Wounds. Logansport, Ind., Dec. 18.—James Burns, who was assaulted last Friday night by footpads and who has been unconscious ever since, is dead.

Old Soldier's Fate. Lafayette, Ind., Dec. 18.—Benjamin Atkins, an old soldier, was found at his residence here frozen to death.

Timely Strategy. Ostend—Now, mamma, you know it would be sacrilegious to whip us. Mamma (astonished)—Sacrilegious? Ostend—Yes, you know you always tell the neighbors we are little angels, and it would never do to whip angels.—New York World.

Carlson's Daughter. "Will you get wings when you go to heaven?" asked little Elsie of her father, who is baldheaded. "Yes, dear," he replied. "And will they put feathers on your head, too, papa?" she persisted.—Ohio State Journal.

CONTEST CASE

OF JUDGE WICKHAM AGAINST GEORGE COYNER.

For Common Pleas Judge Will be Set for Hearing Before February 9. Consolidation Question.

(Delaware Gazette.)

Circuit Court convened on Tuesday, Judge S. M. Douglass of Mansfield, presiding, with Judges R. M. Voorhees, of Coshocton, and in the absence of Judge Donahue, of New Lexington. Judge Jones of the Fourth Circuit, acting as associate judges.

The first case taken under advisement was that of Judge E. M. Wickham against George Coyner, contestant in his election as Common Pleas Judge in the joint 14th-15th district.

Judge Wickham spoke in his own behalf, and desired that the case be heard as soon as possible. Gen. Jones as counsel for the defendant, read the law in reference to the time allowed for the taking of depositions, which stated that each side is given 20 days, the defendant's time to begin at the conclusion of that allotted to the plaintiff. Judge Voorhees stated that it was the duty of this court to hear this case, and that at the conclusion of the cases to be heard, the court would be continued until some definite date before the 9th of February.

Judge Jones of Granville, had filed a motion with the circuit court to have his case, very similar to that brought by Judge Wickham, consolidated with the one brought by Wickham. This motion was immediately objected to by Wickham, and Attorney Jewell, counsel for Judge Jones, requested the court to set the case for hearing on the same date as that of the Wickham-Coyner case. Judge Voorhees stated that on the day of the trial the court would order the cases to be consolidated, if the statement of counsel shows that the evidence will not be detrimental to either party.

A FEW REASONS

Which are Rapidly Making a New Catarrh Cure Famous.

Stuart's Catarrh Tablets, the new Catarrh cure has the following advantages over other catarrh remedies.

First: These tablets contain no cocaine, morphine or any other injurious drug and are as safe and beneficial for children as for adults; this is an important point when it is recalled that many catarrh remedies do contain these very objectionable ingredients.

Next: Being in tablet form this remedy does not deteriorate with age or an exposure to the air as liquid preparations invariably do.

Next: The tablet form not only preserves the medical proprieties but it is so far more convenient to carry and to use at any time that it is only a question of time when the tablet will entirely supersede liquid medicines as it has already done in the medical department of the United States army.

Next: No secret is made of the composition of Stuart's Catarrh Tablets; they contain the active principles of Eucalyptus bark, red gum, blood root and Hydrastis, all harmless antiseptics which, however, are death to catarrh germs wherever found, because they eliminate from the blood.

Next: You can not cure catarrh by local applications to the nose and throat, because these are simply local symptoms and such treatment can not reach the real seat of catarrhal disease which is in the blood; for this reason, inhalers, douches, sprays, and powders never really cure catarrh but simply give temporary relief which a dose of plain salt and water will do just as well.

Catarrh must be driven out of the system, out of the blood, by an internal remedy because an internal remedy is the only kind which can be assimilated into the blood.

Stuart's Catarrh Tablets do this better than the old form of treatment because they contain every safe specific known to modern science in the antiseptic form of the disease.

Next: The use of inhalers, and spraying apparatuses, besides being ineffective and disappointing, is expensive, while a complete treatment of Stuart's Catarrh Tablets can be had at any drug store in the United States and Canada for 50 cents. 12 14-19-21.

PROVISIONS

Of the Philippine Tariff Bill That is Being Rushed Through Congress in Haste.

Washington, Dec. 18.—The Philippine tariff bill which will be voted on in the house at 4 p. m. today provides:

1. That the act to revise and amend the tariff laws of the Philippine archipelago enacted by the U. S. Philippine commission, shall remain in effect.

2. That there shall be levied upon all articles coming into the U. S. from the Philippines rates of duty levied upon like articles imported from foreign countries.

3. That the same tonnage taxes shall be levied upon all vessels coming into the United States from the Philippines which are required by law to be levied upon vessels coming into the United States from foreign countries provided that until otherwise provided by law the provisions of law restricting to vessels of the U. S. the transportation of passengers and merchandise directly or indirectly from one port of the U. S. to another port of the U. S. shall not be applicable to foreign vessels engaging in trade between the Philippines and the U. S.

4. That duties collected in the Philippines, less the cost of collecting the same, and the gross amount of all collections of duties and taxes in the U. S. upon articles coming from the Philippines and upon vessels coming therefrom shall be held as a separate fund and paid into the treasury of the Philippine islands, to be used and expended for the government and benefit of said islands.

5. That when duties prescribed by this act are based upon the weight of merchandise deposited in any public or private bonded warehouse such duties shall be levied upon the weight of such merchandise at the time of its entry.

6. That all articles manufactured in bonded manufacturing warehouses in whole or in part of imported materials subject to internal revenue tax and intended for shipment from the U. S. to the Philippines, shall, when so shipped be exempted from internal revenue tax.

7. That all articles subject to internal revenue tax has been paid and which may, under existing laws and regulations, be exported to a foreign country without the payment of such tax, or with benefit of drawback, as the case may be, may also be shipped to the Philippines with like privilege.

8. That where imported materials on which duties have been paid are used in the manufacture of articles manufactured or produced in the U. S. this shall be allowed on the shipment of said articles to the Philippines a drawback equal in amount to the duties paid on the materials used, less one per cent of such duties.

A GRECIAN TRAGEDY

A young Irish officer of a British regiment quartered at Corfu was in the habit of hunting frequently in Greece. One day while following a doe he became separated from his companions and lost his way. After considerable wandering he at last came in sight of the Ionian sea, with its numerous and beautiful islands. The day was now, however, far spent, and it was with much delight that from the top of a hill he espied the white walls of a Greek cottage before him. He determined at all risks to seek admission for an asylum for the night. He approached the door, which he found shut. He knocked loudly with his hunting whip, and quickly the door was opened by a Greek female the loveliest his eyes had ever rested on. The young huntsman made his misfortune and his wishes known to her in as good Albanian as he could muster, to which she replied in Italian and invited him in.

The cause of manhood and misfortune seldom finds a deaf ear among the ladies, and this beautiful Greek yielded to its influence and readily offered him an asylum, telling him at the same time that he must depart at daybreak, for if her male friends, who bore no great love for the English, caught him there he might repent his intrusion.

Costello—for such was the officer's name—readily assented and joyfully took possession of the small chamber the beautiful Zoraida showed him for the night. He even, in the ecstasy of his admiration for his beautiful hostess, nearly forgot his poor steed. His recollection, however, quickly returned, and he called out to the stable and made the necessary arrangements for its comfort himself. The peculiarity of his situation not a little surprised him. Alone, amid the desert mountains of Albania, with the most beautiful woman his eyes ever rested on, and conjecture seemed at a stand to account for her solitary situation. "This true she had spoken of male relations, but he had as yet seen no human form in that solitude except herself. There was a neatness about the cottage which scarcely belonged to a Greek peasant, and her language, although a Greek in habit and appearance, was pure Tuscan.

On his return from the stable he found his beautiful hostess had prepared a suitable collation, which, with a cup of the good wine of Thessaly, made him forget his fatigue. She seemed unwilling to enter into conversation. Costello was a good linguist. Having been some time in Florence, he spoke the genuine Tuscan with sufficient fluency. He therefore willingly seized the opportunity offered of entering into conversation in that language, to which her soft, melodious voice lent an additional harmony.

Her story was short. She belonged to a party of brigands who occupied this retreat among the mountains, from whence they made excursions on the plains for plunder, on one of which they were now absent. They had lately come from the opposite coast of Calabria, and her father, who was the head of the gang, was originally from Pisa, where she had been brought up. She was, she said, tired of that kind of life, which was now doubly odious to her, as her father was forcing her to marry one of his own gang.

She owned she was unhappy, and the downcast melancholy of her beautiful eyes too well attested the truth of her assertion. Costello felt for her, to which perhaps the extreme beauty of her appearance not a little tended. He resolved to rescue her. Yet how to effect it he did not know. It was more easily thought of than executed. In the arduous of the moment he mentioned it to her. He urged her to fly with him. She hesitated, she resisted. At last she yielded.

"But not now," said she. "I must again see my father. Poor, miserable old man! He will now have nobody to watch over him, to pray for him! Perhaps he may even fall a victim to his own bloodthirsty companions. Return," she continued, "to your own quarters. Prepare a few servants to attend you, and in the next dark of the moon meet me under yonder rock at midnight, and I shall be prepared to accompany you to some place where you may be able to procure a safe escort for me back to Pisa."

Costello promised all she asked. He retired to rest and the next morning at daybreak started off on his return to Corfu, bearing with him the image of the beautiful Zoraida strongly impressed on his imagination.

Another week passed on without their meeting. Still Zoraida was uppermost in his thoughts. The moon had now arrived at that point in her orbit at which, even in that delightful climate, she veils her light for a short time, and Costello, thinly attended and ignorant of the prepared danger he was entering on, errand to put in execution his intention of rescuing the beautiful Zoraida and making her his own.

He found no difficulty in retracing his route and, leaving his servants and horses at the foot of the mountain, joyfully ascended the rock, armed only with his sword and a case of pistols. An overhanging mountain sheltered all from the back, while before them stretched the fair plains and valleys of Epirus, though now shaded by the veil of night. Another moment, and Costello held the beautiful Zoraida in his arms. They had just turned to descend to the horses when two brigands rushed from behind the rock and with a cry of "Faithless Zoraida! Villain Inglese!" plunged a dagger into each of their hearts. The following morning saw the corpses of the beautiful Zoraida and the unfortunate Costello in the market place of Corfu.

STARVATION

Dire Distress Relieved by Dr. Greene's Nervura Dyspepsia's Sovereign Cure.

"The sight of food disgusts me. I can't eat. What shall I do for strength? Starvation is the right name for weakness, because all strength comes from food. Many people eat great quantities of food and get little benefit from it because their stomachs are disordered. Others cannot eat. How frequently you hear them say, 'The very thought of food nauseates me.' Regularly use your stomach—ach at once with Dr. Greene's Nervura blood and nerve remedy. Get the benefit of your food. Get the appetite for it. Get the strength you are entitled to."

Get it by natural, honest, healthy means. Mr. C. J. BANTLEY, Architect, 22 2d St., Memphis, Tenn., says: "I suffered from nervous prostration, brought on by overwork and study in my profession."

"I was attacked with nervous trembling of my hands, loss of appetite and sleep, and seeing an advertisement in our city paper of Dr. Greene's Nervura blood and nerve remedy, I concluded to try it."

"I found that the Nervura acted wonderfully and gave me relief inside of twenty-four hours."

"I am now no longer nervous, have a good appetite, and sleep well. I can truly recommend Dr. Greene's Nervura to all sufferers from nervous disease."

Distaste for food and distress from eating are due primarily to disturbed nerves. Poor blood and general weakness, inability to sleep, kidney and liver trouble all follow quickly when the stomach is out of order.

Dr. Greene's Nervura blood and nerve remedy is the absolute cure for stomach troubles. Thousands on thousands testify to its marvellously effective work. Dr. Greene examines and advises free at 101 Fifth Avenue, New York City. Call or write.

Dr. Greene's Nervura Pills cure constipation quickly and permanently.

Prescribed by Her Physician. Neosha Falls, Kans., Nov. 13, 1900. Pepsin Syrup Co., Monticello, Ill.
Dear Sirs.—For almost fifteen years I suffered from indigestion and last winter thought I would die. When my physician, Dr. A. J. Lincum of this place, advised my trying Dr. Caldwell's Syrup Pepsin, which I did, and two bottles cured me. It not only relieved me, but it cured me so that I have not been troubled since.

If any one should offer me \$500 for the good Syrup Pepsin has done me, I would not think of taking it. No one can take your medicine without being convinced of its more than wonderful cures. I recommend it to all my friends as a laxative and stomach remedy. Yours with gratitude, MRS. J. MORGAN.

E. S. SNELLING ELOPES

With Mrs. Ida Loar, Wife of Tod Loar, Last Thursday.

He Leaves an Estimable Wife and Five Small Children in Desperate Circumstances—Before Leaving he is said to Have Sold his Property. Mrs. Snelling's Sad Story.

Mrs. E. S. Snelling of West Church street, appeared before Mayor H. Atherton Tuesday night, and told a pitiful story before filing an affidavit, charging her husband with desertion and abandonment of herself and five children, the oldest being eleven years, and the youngest twins of three.

Mrs. Snelling was seen at her home after filing the affidavit, and told the following story:

"My husband left home last Thursday afternoon, driving one horse and leading another. He told his brother, Jesse, that he was going north, and then to Columbus. There is no doubt in my mind that he left with Ida Loar, wife of 'Tod' Loar, who has been driving the lumber wagon for Mr. H. O. Norris. He has become enamored of this Loar woman, and five weeks ago when I came from Columbus I found her in the house, where she first appeared as a sympathizer in the family when my daughter was sick with smallpox. At this time her and his actions were such as to arouse my suspicions and I said to him 'Eddie you ought not to act so.' He replied, 'O, she's all right,' and I answered 'Well, I know she's not all right.' Well, things went on from bad to worse, and this is the climax, and here I am. Oh, if I had that woman here I would shoot her with a steady hand. I hate her. To think that she has taken my husband, the father of my five helpless children away from me. And he also sold our property here and went away with \$1,000 to spend on that woman."

During the recital the two innocent twins were lying in their bed, while the older children, unable to realize their and their mother's loss, were playing in an adjoining room. Between sobs, and paroxysms of distress she told her story, and a sad one it was. And yet through it all she remained loyal to her recreant spouse.

She said he had always been good and kind to her, and she could conceive of no motive that could have actuated him to do as he had done. Telegrams have been sent to the police of surrounding towns to be on the lookout for the couple.

Snelling is a man 33 years old, weighs about 185 pounds, and stands six feet tall. He wore a black suit and black overcoat.

Mrs. Loar is about 5 feet, 6 inches tall, slender, blue eyes and two prominent gold-filled teeth, which are shown when she laughs.

Snelling has been engaged in the meat business, having a good trade in the city building, corner Fourth and Main street. He comes from a good family and heretofore has borne an excellent reputation.

Mrs. Loar has also never had any scandal spoken of her, and their action is inexplicable.

Mr. Loar and Mrs. Snelling both are very highly respected in the community.

It was learned at the Home Building Association this morning that Clarence Snelling had bought the property of E. S. Snelling, borrowing \$1200, giving a first mortgage. He also gave Mrs. E. S. Snelling a second mortgage for \$700, which is payable in four years.

Mr. E. M. Baugher stated that no one but she could draw this money, but in the meantime the family is helpless.

The \$1200 he is supposed to have taken with him.

A Chicago Inventor Says He Will Construct an Air Ship Without an Equal.

Chicago, Dec. 18.—P. E. McDonnell, engineer at the Fullerton avenue pumping station has an idea for an air ship which he thinks will eclipse all the efforts of Santos-Dumont and other aeronauts. He is going to rent a piece of land near the Bridgeport pumping station where he will build a machine fifty-five feet in diameter, which will carry six tons outside of its own weight, and which will not be affected by passing from a warm to a cold stratum. McDonnell also claims he can use the exhaust gas over again.

In the report of the City Council of Monday evening the item in reference to the assessment of property on St. Clair and Elm streets, between Log Pond run and North Third streets, for sewer purposes, should have read 65.92 cents per front foot, and on Elm street from St. Clair streets, 44.46 cents per front foot.

RAILWAY AFFAIRS.

ENORMOUS TRAFFIC OF PENNSYLVANIA ROAD.

The Pass Question—Items of General Interest—Local Happenings and Personal Gossip.

Few people realize the enormity of the traffic which is being handled by the Pan Handle and Pennsylvania railroads, both eastbound and west-bound. George W. Patterson, chief clerk to General Superintendent Peters, has just returned from Pittsburgh, where he accompanied an inspection party over the several divisions in the neighborhood of the "Smoky City."

Mr. Patterson said that the amount of freight traffic handled by the Pennsylvania railroad was wonderful. He said that there were seven millions of freight trains at Altoona, and the congested condition of the traffic has made it impossible to move them. The Pennsylvania line is experiencing a great deal of inconvenience in delivering to the P. R. R. on account of this state of affairs. On the short stretch of track connecting the two systems east of Pittsburgh the traffic is so heavy that the Pan Handle engines are delayed from 15 to 20 hours, unable to return on account of the blockade.—Columbus Dispatch.

IRISH ENVOYS

Have Returned Home—Discussing the Outcome of Their Mission to the United States.

Cork, Ireland, Dec. 18.—A great ovation was tendered Messrs. Redmond, McHugh and O'Donnell, members of parliament, upon their arrival here from America. Mr. Redmond addressed an immense assemblage. He said that before another six months the Irish league would be as powerful in the United States as the American Land league was in the time of Parnell, for he had succeeded in his mission to the United States, which had for its objects arousing the sympathy of the Americans and securing the co-operation of Irish-Americans.

In the course of his speech Mr. Redmond described how all classes in the United States, from President Roosevelt downwards, had extended their hospitality, their good will and their sympathy to his mission and the Irish cause. He said he regarded these evidences of good will as of enormous value to Ireland. With the enlightened public opinion of that great and free nation at her side, explained the speaker, Ireland possessed a power more potent for the future than all the armies and navies at the disposal of Chamberlain and Salisbury.

Maso's Request Denied.

Washington, Dec. 18.—The application for a postponement of the Cuban election presented to Secretary of War Root in behalf of the supporters of General Maso, as candidate for president of Cuba, has been denied. Secretary Root finds that the effect of granting the application would be to prolong American occupation and postpone the independence of Cuba and the control of the island by the government of her own people. This ought not to be done in the interest of any candidate or without the most weighty and substantial reasons.

Balzac Prize.

Paris, Dec. 18.—A Balzac prize, founded by a Chicago publisher, who gives the Societe Des Gens de Lettres 100 francs for each set sold of a De Luxe edition of Balzac's works, has been divided among the members of the society in question. Armand Charpentier has been awarded 1,000 francs, Arland J. A. Pointe 600 and Frederic Charlot 400. This prize was founded in 1900. During the present year the system pursued yielded 2,000 francs.

It cannot be too strongly urged upon the patrons of the postoffice of the necessity of placing on every letter and package the name of the sender. If this were done in every case it would avoid delay and oftentimes loss. In case of failure to deliver the sender would be notified and the package restored. When the name of the sender is omitted the package is sent to the dead letter office. This means weeks of delay before it can be restored to the proper owner.

The Christmas rush has already begun at the postoffice, and many people are sending packages through the mails this year.

The wheat throughout the country is in excellent condition. The rains of the last week have improved its growth, and the prospects are very promising.

The St. Louis exposition grounds cover 1,100 acres, three times as large in extent as that occupied by the Pan American and about double that of the World's Fair in Chicago. The total cost of construction is estimated at \$30,000,000, which will eclipse all former expenditures for like purposes.

Sixteen veterans of the late war with Spain submitted recently to the removal of two inches of skin from their arms. It was grafted upon the body of a comrade who had been injured in a boiler explosion. The operation was extremely successful.

Never before have the stores of Newark presented prettier or larger stocks of holiday goods than this year, and many shoppers are laying in their Christmas supplies. It is best to do your shopping early and thus get the best instead of waiting until the last minute and then have to take what you can get from the odds and ends. Shoppers will do well to watch the advertisements in the Advocate. They tell you where to get the best for the least money.

Couple Killed.

Indianapolis Dec. 18.—Verni Brown, 18, a widower and prosperous farmer near Clermont, and Mrs. Dora Watkins, 45, his cousin, were killed by a Big Four passenger train at a crossing near Catersville. They were driving home together from Indianapolis with a buggy loaded with Christmas presents when struck. Brown was instantly killed. Mrs. Watkins lived about an hour.

Weather Moderating.

Omaha, Dec. 18.—The weather has begun to moderate but the thermometer still hovers around zero. The mails have been badly delayed. Reports from Wyoming show that the temperature has risen as high as 20 above in some parts of the state and that the effects of the storm are not as serious as at first reported.

Cotton Pickers Frozen to Death. Helena, Ark. Dec. 18.—John Gray and Bruggmann Jarrett, negro cotton pickers, were frozen to death near Trenton. Night overtook them on their way home, it is supposed, and they lost their way when the blizzard came upon them.

SUICIDE

arms when the body was removed from the house.

Mr. F. H. Jacobs of 1003 Franklin avenue, father of one of the alleged suicides, claimed the body of his son from the morgue this morning. Jacobs was 34 years old.

A brother of Sherman Lothouse, another of the alleged suicides, made a claim on the Coroner this morning for the body. Lothouse was well known in the city. He was formerly in the employ of the Columbus Transfer company, and officials of the company state that he had made arrangements to go to work for them on Tuesday morning.

Carl Klein of Reinard avenue, a brother of Louise Klein, made a demand for the body of his sister. Haefner Bros. & Seitzky, the undertakers, were requested about 11 o'clock to take the body to Klein's home on Rheinard avenue. Mr. Klein says he has not seen his sister for some months. The mother is dead, and the father lives in Chicago.

The Warner woman, it is thought, is a native of Circleville. But little was learned of her among her former acquaintances.

Listen to Papa.

There is a man who fancies he is the head of the house. This particular man has several small children, and it pleases him to discourse a great deal on the training of the young.

A few days ago he had friends visiting him. His two little sons began to play about noisily. It is one of his theories that children should obey implicitly, and he wanted his friends to see how he carried it out in the training of his own family.

"Johnny," he said sternly, "stop that noise instantly!"

Johnny looked up in surprise, then grinned a little.

"Oh, Freddy," he said to his brother as they went on with the noisy romp, "just listen to papa trying to talk like mamma!"

He Was Puzzled.

The new clerk called for a number over the telephone.

"O-o! Goo-o-goo-oo!" came the response.

"What in the deuce is that?" he asked, staring blankly around.

"Oh, that's the telephone girl with a mouthful of hairpins telling you that the line is in use," explained the old clerk.—Chicago News.

NEW MEN

a very valuable man as vice chairman of the Republican national committee. He is a very able gentleman and will make a good postmaster general. I am glad he has been selected."

"It is said in Washington that the President did not consult your wisdom in selecting Mr. Payne."

"Oh pshaw!" that's nonsense; the President could not have appointed a man who would have suited me better. Mr. Payne was entitled to any appointment he wanted."

PAYNE OF WISCONSIN

To Succeed Charles Emory Smith as Postmaster General.

Washington, Dec. 18.—A change in President Roosevelt's cabinet is imminent. Charles Emory Smith of Philadelphia has tendered his formal resignation as postmaster general, to take effect early next month, and Henry C. Payne of Wisconsin, vice chairman of the Republican national committee, has accepted the tender of the office, to which he will be nominated immediately after the holiday recess. Mr. Smith has agreed to remain until Jan. 15 if necessary, but will return immediately thereafter to Philadelphia to resume the editorship of the Philadelphia Press. All the members of the cabinet expressed their profound regret, and the president paid a very impressive tribute to the services and personality of the retiring member of his official family.

NEW TRIAL ASKED

IN CASE OF SHANNON VS THE CITY OF NEWARK.

Doings in Common Pleas Court—Appointments, and Other Matters of Interest.

In the case of Mary E. Shannon vs. The City of Newark, a motion for a new trial has been filed on behalf of the City, in which numerous specifications of error are assigned, among which are the following:

Irregularity in the proceedings of the court and jury by which defendant was prevented from having a fair trial. Accident and surprise which ordinary prudence could not have guarded against.

Excessive damages, appearing to have been given under the influence of passion and prejudice.

That the verdict is not sustained by the evidence, and is contrary to law. Error of law occurring at the trial. The introduction of improper evidence over defendant's objection.

The exclusion of proper evidence offered by defendant, over defendant's objection.

Another ground alleged, and one not often found in such a motion is that Ferdinand Mohlenpach, a witness called and examined for the plaintiff, Mrs. Squire testimony for the plaintiff, Shannon, gave material and necessary testimony for the plaintiff without having been first sworn as a witness, or sworn or put under oath at all.

DAMAGES CLAIMED.

The case of Annie Trager against the County Commissioners and two trustees of Newark township, is on hearing on preliminary questions before Squire J. R. Atcherley today. The plaintiff has sued the defendants for injuries claimed to have been received to a horse, wagon and harness by reason of the horse breaking through a hole in the Vandaligham street bridge. The defendant raised the question of misjoinder of parties and claim that they are not properly made parties defendant. B. G. Smythe for plaintiff, J. R. Fitzgibbon for the Commissioners and E. M. P. Brister for the Trustees.

COMMON PLEAS COURT.

A FEW

Of the Famous Stoddard Prize Questions.

Thousands have tried to answer these questions without going to the Stoddard Lectures. All have been doomed to failure.

In connection with what lake in Switzerland are there memories of Rousseau, Prof. Tyndall, Voltaire, Alexander Dumas, Byron, Shelley, Victor Hugo, Lamartine, Madame de Staël and Gibbon, the historian?

What large country has had thirty-six changes of government and seventy-three presidents within forty consecutive years in this century?

What is there about the Norwegian method of regulating the liquor traffic that makes it superior to any other method?

What is the single name of one hundred and twenty-seven separate and distinct streets in the city of London?

In what portion of America can a wife evict her husband for ill-treatment, and send him home?

Who was the Irish missionary who was the first to introduce Christianity into Scotland?

At the conclusion of what short war was a cash indemnity equivalent to one thousand millions of dollars, and a large cession of territory demanded by the victors and received by them in full within one year?

What great structure contains more material than all the buildings in Scotland and England put together, or enough to build a wall six feet high and two feet thick around the earth at the equator?

There are 25,000 questions of this nature answered in the new edition of Stoddard's Lectures which so many are getting in Newark. Well, it's the ONE LIBRARY OF THE WORLD'S TREASURES and is used all the time by all the family. Not to own a set of Stoddard is to be a back number in the age we live in. Do you own Stoddard? If not, why not? We can tell you how to get it and never miss the money. It's a marvel of beauty, usefulness and value. One long dream in Earth's Wonderland.

SUMMIT STATION.

Mrs. J. T. Swisher and Mr. Edward Wingus, who have been quite sick for some days, are reported as being considerably better at this writing.

The protracted meeting at this place is still in progress. Four persons have connected themselves with the church. On Sunday Rev. Mr. Gilmut took for his subject in the evening, "What the Lord and a Little Girl Can Do," and delivered a very instructive as well as interesting talk.

Mr. and Mrs. H. A. McIntosh, and Mr. and Mrs. Frank Wilson of Columbus, spent Sunday with relatives here and also attended church Sunday evening.

Professor C. W. Bell of Kennetoscope company No. 2, who has been in the eastern part of Ohio, and West Virginia has returned here to spend the holidays with his family.

The mercury fell seventy degrees here on Saturday and Saturday night, in twenty-four hours. It is said to be the most sudden severe cold since the cold New Years of 1864, which is said to have been the most sudden change ever known in Ohio.

Dr. Wells wears a four by seven smile. It's a little girl and arrived at his home on Friday night to make her future home with him.

Mrs. Devore of Columbus, was the guest of her daughter, Mrs. Samuel Alwood, of this place on Friday.

PURITY.

The Eden township board of education met here on Monday.

Eliaz Swick was in Newark on Monday.

A. H. Jones of Newark, is here in the interest of the Everett glass works. The question, "Resolved, That women should have the right of suffrage," will be discussed on Thursday evening at Concord by the following debaters: Messrs. George Tavener, G. W. Marriott, Max Mossman and Samuel P. Elliott.

Mrs. William Miller, who has been on the sick list for some days is reported as being much better at this writing.

The Maccahees of this place, will give a supper on Friday evening, December 20.

Mr. H. H. Goodin, our popular merchant, was in Newark on Tuesday on business.

The schools in this section will be given two weeks' vacation.

CRISIS APPROACHING

English Believe Boer Leaders Are Tired of Fighting.

HOLD THE OUTLOOK VERY BRIGHT.

Further Alleged That Kruger Has Abandoned His Demand For Independence—Capture of Commandant Kritzinger Regarded by the British as Important.

London, Dec. 18.—A dispatch from Lord Kitchener, dated from Belfast (about half way between Pretoria and the frontier of Portuguese East Africa), announces that Commandant Kritzinger, the famous Boer commander who has figured so prominently in connection with the invasion of Cape Colony, has been captured, badly wounded, by General French. Kritzinger was trying to break the block-house cordon at Hanover road.

The capture of Commandant Kritzinger, who has been styled "The Wet of Cape Colony," is regarded as very important. He has been a troublesome and energetic invader of Cape Colony and is credited with more barbarities than any other commander except Schepers. In a recent proclamation he called himself the chief commandant of Cape Colony.

During the last few days most persistent reports emanating both from South Africa and from Boer headquarters in Europe, of an approaching crisis in South African affairs, have been current. It is alleged that Mr. Kruger will abandon his demand for independence, and that the Boer leaders in the field are inclined to cease fighting and seek the best terms obtainable.

In a speech at Cape Town Sir J. Gordon Sprigg, the premier of Cape Colony, declared that the outlook had never been brighter than at the present time.

Harmony Committee.

New York, Dec. 18.—The conference between the leaders of labor and capital closed with a decision to give the plan to harmonize their divergent interests a practical test. It was unanimously agreed that the working details of the scheme should be perfected by an executive committee of 36, to be chosen in equal numbers from the ranks of organized labor, the great industrial and financial leaders, and such of the public not identified with either of the other two interests. Among the representatives of capital on the new executive committee are found the names of Senator Hanna, President Schwab and John D. Rockefeller, Jr.; among labor's representatives, Samuel Gompers, John Mitchell, Theodore Shaffer, Frank Sargent and James E. Lynch; among the public's, ex-President Cleveland, Archbishop Ireland, Bishop Henry Potter, James H. Eckels, President Eliot, of Harvard and Charles Francis Adams.

New Club in New York.

New York, Dec. 18.—Whatever the result of the court proceedings in the baseball war may be, there is a good chance that baseball history will be made in this city this week. Ban Johnson, the foremost figure in baseball, is expected here Friday. Johnson is a man of quick action, and there may be a new circuit formed in quick order if Freedman beats Spalding in court. It became known that a new club has already been formed in this city, ready to do business at once. The organization was completed last Sunday, presumably just before Spalding made the public announcement that Freedman would be out of baseball in the near future. It is claimed that the new club has an option on a convenient plot of ground suitable for baseball playing.

French Ship Ashore.

Paris, Dec. 18.—Dispatches received from Marseilles announce that the French steamer Kieber, from Cetté, France, is ashore east of the mouth of the river Rhone. The Kieber mistook the entrance of the river during a heavy fog. Life boats attempted to assist the Kieber but the heavy seas prevented them from reaching her. The customs boat from St. Louis Du Rhone succeeded in getting near the Kieber and learned that the captain of the ship was ill and that the mate had disappeared. It is supposed the latter was swept overboard. The Kieber lies 300 yards off shore. It is feared she will become a wreck if the weather does not moderate. The Kieber carries a crew of 32 men.

Caused a Panic.

New York, Dec. 18.—The ferry boat Princeton of the Pennsylvania railroad, while crowded with passengers and teams, collided with the Hudson City or the same line on the North river. A hole was driven in the latter boat's side. There was a tremendous panic among the passengers on each boat, though the Hudson City carried few. Joseph Creamer of Orange, N. J., and John Richardson of this city, both actors, who were on the Hudson City, were severely injured.

Both Blown to Pieces.

Butler, Pa., Dec. 18.—Thomas L. Edwards, 37, and Charles D. Parkes, 25, both of this place, were instantly killed by a terrific explosion of nitroglycerin, which completely wrecked the nitroglycerin factory of B. Humed & Company, about one and a half miles from here. Not a shred of the two unfortunates could be found, and the site of the magazine was marked by a hole 20 feet deep and 40 feet in diameter.

Gift to Employees.

New York, Dec. 18.—James C. Fargo, president of the American Express company, announced that each of the 10,000 employees of the corporation in the United States would receive a Christmas gift of \$10. Last year the company gave each employee \$5.

BARRELS OF SAMPLES.

Over Two Hundred Thousand Trial Bottles Sent Free by Mail.

By special arrangement with the manufacturers of that justly famous Kidney medicine, Dr. David Kennedy's Favorite Remedy, the readers of the Advocate are enabled to obtain a trial bottle and pamphlet of valuable medical advice absolutely free, by simply sending their full name and post office address to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y., and mentioning this paper, the publishers of which guarantee the genuineness of this liberal offer.

Of course this involves enormous expense to the manufacturers, but they have received so many grateful letters from those who have been benefited and cured of the various diseases of the Kidneys, Liver, Bladder, and Blood; Rheumatism, Dyspepsia and Chronic Constipation, and all weaknesses peculiar to women, that they willingly send trial bottles to all sufferers.

Upon investigation it was found that 91 per cent. of those who had used the trial bottle had received such benefit from it that they purchased large sized bottles of their druggists.

It matters not how sick you are or how many physicians have failed to help you, send for a trial bottle of this great medicine. It costs you but a postal card, and benefit and cure will most certainly be the result.

Favorite Remedy is the only kidney medicine that acts as a laxative—all others constipate.

Put some urine in a glass tumbler and let it stand 24 hours; if it has a sediment or if it is pale or discolored, milky or cloudy, stringy or rosy, your Kidneys and Bladder are in a bad condition. Dr. David Kennedy's Favorite Remedy speedily cures such dangerous symptoms as pain in the back, inability to hold urine, a burning, scalding pain in passing it, frequent desire to urinate, especially at night, the staining of linen by your urine and all the unpleasant and dangerous effects on the system produced by the use of whiskey, wine or beer. Dr. David Kennedy's Favorite Remedy is sold by all drug stores or direct at \$1.00 for a large bottle; six bottles for \$5.00.

Trustee, George Myers.

OVERHEAD

Crossings Will be Built by the Columbus, Buckeye Lake and Newark Traction Company.

(Columbus Press.)

The injunction matter of the Norfolk and Western Railway company against the Columbus, Buckeye Lake and Newark Traction company no longer figures in the court as a live action. It has been dismissed by agreement. The electric road will build an overhead crossing where it goes over the tracks of the Norfolk & Western on East Main street, and the restraining order which prevented it from making a grade crossing is dissolved.

The great interest in this matter is that there were hundreds of dollars spent in the litigation which the Norfolk & Western precipitated. It objected to the grade crossing that the electric line was preparing to make. A temporary restraining order was obtained from Judge Evans and then the hearing of the matter on its merits occupied two solid weeks. Each side was bitter and determined. The trial was completed and Judge Evans had worked out a decision, which he never announced. About that time the parties announced they wished no decision as they would likely come to terms between themselves. They did so, and Tuesday the matter was made one of the dead one of Franklin county litigation.

COLOMBIA'S REFUSAL

To Accept Venezuela's Conditions of Arbitration.

GENERAL CARLOS ALBAN EXPLAINS IT

Blames President Castro For the Present Plight of His Country—The Ruler of Salvador Also Involved Developments in the Dispute Between Chile and Argentina.

Colon, Colombia, Dec. 18.—General Carlos Alban, governor of Panama and military commander of this district, explains Colombia's refusal to accept the conditions of arbitration demanded by Venezuela. He says, "General Castro, president of Venezuela, is the principal factor in the Colombian revolution. Since the beginning of the war he has furnished the revolutionists with arms and ammunition. Castro canceled the exequatours of several Colombian consuls in Venezuela and incitingly treated Senor Rico the Colombian minister at Caracas. Castro now pretends to demand satisfaction from Colombia, asking her to accept Chile's offer of mediation. For the above expressed reasons Colombia severed diplomatic relations with Venezuela."

General Alban said: "I would be glad if the press would give publicity to the recent conduct of President Regalado of Salvador, who gave the Colombian revolutionists the steamer Jubs and also supplied them with arms and ammunition, and thus notwithstanding the formal protests of the consuls." General Alban places no confidence in the reported capture of Rio Hacha by General Uribe-Gribe. Alban says that the Colombian government has 60,000 men under arms.

Hostilities On.

Washington, Dec. 18.—Semi-official advices received here indicate that active hostilities are about to begin between Colombia and Venezuela. The delay in proceeding to extremes has been largely caused by the lack of a suitable stock of arms and ammunition by the Colombian government. This is about to be remedied. The news comes that the British steamer Banreigh, which recently excited suspicion by loading a large cargo of arms in European waters, supposedly intended for the Boers in South Africa, was chartered by the Colombian government. She is now very near Colon, and the advice is to the effect that when her cargo is distributed among the Colombian troops hostilities will begin between Colombia and Venezuela.

Chile and Argentine.

Buenos Ayres, Dec. 18.—The status of the Argentine-Chile question has not changed. Senor Portela, the Argentine minister at Santiago de Chile, will hand to the Chilean government the reply of Argentina to Chile's last test note. Official circles hold to the belief that a satisfactory solution of the questions in dispute will not be long in presenting itself. Negotiations already have passed their most delicate stage. It has been shown that the desire for war does not exist, though there may in some quarters exist a desire to provoke war.

Hoosiers Celebrate.

Chicago, Dec. 18.—Hoosiers by birth, descent and education gathered at the Auditorium hotel for the first reception and banquet of the Indiana club. The toastmaster, President William Eugene Brown of the club, opened the program of speeches by a tribute to the old home state and her famous sons—Harrison, Morton, Riley, Ridpath and Wallace. Toasts were responded to as follows: "Log Cabin Era," Mark L. DeMotte; "Indiana Legislature," Thomas Riley Marshall; "The College Man in Chicago," George Ade; "Indiana Statesmen," Robert S. Taylor; "Maurice Thompson," William H. Thompson. A poem by James Whitcomb Riley, dedicated to the Indiana club, was read.

Marconi's Troubles.

St. Johns, Dec. 18.—The Marconi Wireless Telegraph company of London and the Anglo-American Cable company, also in London, have opened negotiations for the settlement of the difficulty between them arising from Mr. Marconi's work here in the meantime, as it is important that Marconi's operations be expedited he will cease his experiments here and will leave next Sunday for Nova Scotia, where, in the event of the failure of the present negotiations, he will select another site for a wireless telegraph station. The inventor's work in Nova Scotia will occupy him about a week. He will then leave for London via Halifax.

Flood Victims.

Towanda, Pa., Dec. 18.—Two more deaths from the flood are reported, making five lives thus far to be lost in this (Bradford) county. A telephone message from Ausville, in the western part of the county, states that Mr. and Mrs. Abner Richards, well-to-do residents of that place, aged about 50 years, were swept down the stream while endeavoring to save their poultry from the rushing water. Their bodies were found a half mile from their house half buried in sand and debris.

Another Combine.

Pittsburg, Dec. 18.—Efforts are being made to combine all of the flint bottle manufacturers of the country. J. G. M. Porter of Chicago, the promoter of the scheme, and the expectation is that by March or April next the combine, under the name of the Continental Glass company, with \$750,000 capital, will be completed. If the combine should fail, the intention of the manufacturers is to establish a selling agency as a preliminary step to a combine later on.

The Pains of Kidney Disease

Warn You Against the Most Dreadfully Fatal of Disorders. You Can be Cured by Promptly Using Dr. A. W. Chase's Kidney-Liver Pills.

Pain is nature's signal whereby she warns of approaching danger. Few diseases are so dreadfully fatal as disorders of the kidneys and few are accompanied by more severe pains and discomforts.

One of the most common symptoms of kidney disease is the smarting, scalding sensation when passing water which is likely to come very frequently and at inconvenient times. Then there is the dull, heavy aching in the small of the back and down the limbs. When these pains are accompanied by deposits in the urine after it has stood for twenty-four hours you may be sure that you are a victim of kidney disease and should not lose a single day in securing the world's greatest kidney cure—Dr. A. W. Chase's Kidney-Liver Pills.

SAMPSON

is to Make Formal Protest Against Admiral Dewey's Finding in the Schley Court.

New York, Dec. 18.—Dayton and Campbell attorneys for Rear Admiral Sampson, are engaged in drawing up a formal protest against the minority finding of Admiral Dewey in the Schley court of inquiry. Mr. Campbell said: "We are preparing a brief and have until Thursday to file it. It is based upon the record of the court. There is a record in behalf of Admiral Sampson there was a tender of evidence to show who was in command at the battle of Santiago. The court ruled that such testimony was inadmissible and the question was not gone into. As a matter of fact, Rear Admiral Sampson's flag was never down at Santiago and he was in command of the squadron. The question of command at Santiago has already been passed upon by the court in claims, which awarded that honor to Rear Admiral Sampson."

Dr. Croker Talks.

French Lick Springs, Ind., Dec. 18.—Richard Croker of New York and party are now comfortably settled here drinking the waters. Several Indianapolis friends have arrived to meet Mr. Croker. Among the number are R. F. Shively, Crawford Fairbanks and James Murdock. This gathering gives the situation a political aspect, which however Mr. Croker himself emphatically denies. "I have not come to French Lick Springs to solve political problems," he said. "I am here for the one purpose of having a nice time and getting all the good I can out of the mineral water. Nothing can or will separate me from Tammany Hall. As long as possible I will give New York municipal politics my aid and assistance in an endeavor to make it stronger and more powerful than ever."

CHAS. TURNER

JUST RELEASED FROM THE OHIO PENITENTIARY.

Was Brought to Newark at Noon Today by Marshal Vogelmeier—He Had Served One Year.

Charles Turner was brought to Newark at noon today by Marshal Vogelmeier from the Columbus penitentiary, where he served a year, having been sent up from Guernsey county for burglarizing a school house in Cambridge. He is wanted in Newark for stealing a horse, buggy and harness from E. A. King, December 3, 1900, at Union Station.

He had stolen a horse this side of Cincinnati, ridden bare back for some distance, stole a buggy, drove to Union Station where he left the stolen rig and took King's. He then drove to Zanesville in King's rig, where he exchanged buggies and drove King's horse to Cambridge, where he burglarized a school house and was arrested. Turner's trial is set for Thursday morning at 8 o'clock.

THE WEATHER.

Prediction for Newark and vicinity: Cloudy tonight and Thursday; warmer Thursday. Temperature extremes Columbus station, 24 years record, maximum 56 degrees in 1895, minimum 9 degrees in 1884. Temperature extremes at Columbus in past 24 hours, minimum 4 degrees, maximum 15 degrees.

Shoddy Woolen Goods.

Washington, Dec. 18.—Representative Grosvenor (O.) introduced a bill applying the principle of the oleomargarine law to shoddy woolen goods. It provides that all manufacturers of shoddy goods shall tag them in plain letters and figures showing the percentages of wool and of shoddy. Tailors and clothiers are required to tag all garments as to show the percentages of wool and shoddy.

TARIFF

For the Philippine Islands Discussed in the House to be Rushed Through Today.

Washington, Dec. 18.—The Philippine Islands revenue bill (so-called) is being debated in the house and will be placed upon its passage at 4 p. m. Several lively exchanges and an impassioned speech by Mr. DeArmond of Missouri, who has just returned from a trip to the Philippines, in opposition to the retention of the islands, were the features. Mr. Payne, the floor leader of the majority, opened the debate. Owing to the indisposition of Mr. Richardson, the duty of opening for the minority devolved upon Mr. Stinson of Virginia. The other speakers were Mr. Grosvenor (Rep. O.) and Mr. Robertson (La. Dem.) for the bill, and Messrs. Shafroth (Silver, Colo.), DeArmond (Dem. Mo.), Thayer (Dem. Mass and Patterson (Dem. Tenn.), against it. Mr. Robertson said he would support the bill because free trade with the islands and reciprocity with Cuba, which was threatened, would destroy the sugar interest of his state. Mr. McCall, a Republican member of the ways and means committee from Massachusetts, opposed the bill, time having been granted him by the Democrats.

In the Senate.

Washington, Dec. 18.—In the senate the bill to establish a code of law for the District of Columbia was passed. Senator Cullom introduced a measure that provides for the retirement of the Hawaiian coinage and currency. Senator Frye introduced a joint resolution authorizing the president to invite the King of Siam to visit the United States. It sets forth in a preamble the fact that the King of Siam has made known to our minister at Bangkok his desire to visit the United States, and the resolution provides that he shall be invited to become the guest of the nation while here. Senator Hale introduced a bill authorizing the enrollment and organization of a United States naval reserve. A bill was introduced by Mr. Penrose authorizing the payment of per diem pensions to all officers and enlisted men of the United States army who served in the civil war.

SCHLEY PROTEST

Attorney Rayner Finishes Draft of Document to be Filed with the Secretary of the Navy.

Baltimore, Dec. 18.—Attorney General Isidor Rayner, counsel for Admiral Schley, finished the draft of the formal document to be delivered to Secretary Long protesting against the finding of the court of inquiry. Mr. Rayner will carry the draft of the protest to Washington, and after he and Admiral Schley have conferred over it a copy will be prepared for transmission to Secretary Long. First of all, the protesters will claim that the findings of the court should be set aside on the broad ground that they are not in accordance with the evidence; and following this, each point in the report, such as the charges of dilatoriness, disobedience of orders, the sending of misleading dispatches, the controversy with Lieutenant Hodgson, the famous loop etc., will be touched upon in turn, and the salient features of the evidence disproving those charges pointed out. Practically the protest will be a review of the evidence in the case, submitted in such a way that Secretary Long will have the opportunity to pass upon the whole controversy.

Expelled From Board of Trade. Chicago, Dec. 18.—Arthur R. Jones of A. R. Jones & Company, grain commission merchants and stock brokers, was expelled from membership in the board of trade by the directors of that body on the charges of uncommercial conduct and bucketshooting. Michael J. Ryan, secretary of A. R. Jones & Company, and principal broker for the company on the board of trade floor, was also expelled. L. C. Gearhart, another member, was suspended for 60 days for uncommercial conduct in attempting to secure board of trade quotations for a branch office occupied jointly with an alleged bucketshop.
